

Christmas Cryptograph

Directions: Solve the Cryptograph; a cryptogram is a block of text which has been rendered unreadable through the use of what is called a "substitution cypher". This means each letter used in the original text has been substituted with another (G becomes A, F becomes P, etc.). Letter/word positions, spaces and punctuation remain unchanged. All the Cryptographs below use the same alphabet and are all related to one Christmas bible passage.

The passage:

Luke 1:35

And the angel answered her, “The Holy Spirit will come upon you, and the power of the Most High will overshadow you; therefore the child to be born will be called holy—the Son of God.”
